Dear *Dr. Barleigh*,

It was indeed a pleasure to meet you on Monday. I would like to have had more time to look into some of your records re CLARK, CHASE, OWENS, PALMATIER and so on. As well as Philips.

I expect to do a history on the Philips affair.

Am enjoying your book- Kingston etc. Glad its a 'bits and pieces' affair, Leaves as you say, that you can pick up and read anywhere. Must see if I can't find some error in it!

Reference your PALMATIER file. There was a letter in there from a woman enquiring about Palmatiers and as you and I agreed it is highly unlikely you will ever prove them UE as no one seemed to live to qualify. To thicken your file, possibly, here is everything I have on Palmatiers. May be something you haven't. It is all PAC reference.

That same female, in your Palmatier file also mentioned the name

Ostrander: My grandmother (maternal) Fanny Matilda Clark 2.8.1872- 9.7.1944

Her Father George Clark	married	Abigail Palmatier
1.11.1848- 15.11.1915		10.2.1843- 23.1.1917

His Father James Clark m Fanny Matilda Miller (Ostrom) then Mary Fox
1816

but James had two sisters, one Phebe who was married STONBURGH-OSTRANDER

If that is any use to your female or not.

Enclosed is a copy of what I have on Palmatiers, as I said, and I don't think you'll find much more.

I'll look forward to the Spring and another visit

Yours sincerely

Frank de yfeld
